

FOCUS

ON

PRAYER

Focus for February

Here in Britain many people are struggling. We are told we are in a time of recession and there are probably few of us who are not feeling “the pinch” with rising prices in a number areas of life. People are having to pay more for food, gas, electricity, transport and other things we cannot do without. I’m sure that we are concerned about our situations but this month let’s pray for others who are struggling and let’s turn prayer into action and try to find ways to help some who are in most need.

We see an example of prayer in action as the Clay Cross congregation of Community of Christ work with other denominations in their town to help bring food in times of crisis in people’s lives as they try to set up a “Food Bank” in Clay Cross.

We see an example of prayer in action as the Nuneaton congregation of Community of Christ bring food to their communion worship which goes to support the Salvation Army in their efforts to feed people in need in Nuneaton.

Let’s pray and work to be God’s presence in our communities

Once a month, why not have a special prayer for our focus in your congregation, maybe as part of your communion worship.

On each subsequent time the congregation meets for worship encourage everyone to remember the month’s focus in their personal prayers until the next worship time.
